

Georgian Nurse Practitioner-Led Clinic

The Georgian Nurse Practitioner-Led Clinic (GNPLC) is a primary care clinic with sites in Barrie and Innisfil, Ontario.

Our team is comprised of nurse practitioners, registered nurses, registered dietitians, social workers, and physiotherapists, and supported by an administrative team. Together, we provide access to team-based primary care to over 6000 residents in our communities. Come join us in this new opportunity.

Part-Time Nurse Practitioner Barrie, Ontario

In this role, you will serve our patients two to three days per week at our north Barrie location at 5 Quarry Ridge Road, Barrie, ON L4M 7G1.

NPs function as the Most-Responsible Provider (MRP) for a defined roster of patients. The NP will collaborate internally with clinical colleagues, and externally with specialist physicians and community services and agencies in the provision of primary health care for their patients. You will practice autonomously, providing periodic health examinations, pharmacological and counseling interventions, health promotion, and chronic disease management.

Ours is an environment where everyone works interdependently towards common goals. While we operate in an MRP model, support is always provided, both formally and informally, so you are never truly alone in providing care, and where you are able to leverage the expertise of your colleagues.

Qualifications:

- Current registration and in good standing with the College of Nurses of Ontario as an NP
- One (1) plus years of NP experience in a team-based primary health care setting preferred
- Strong communication abilities, including oral, written, and interpersonal skills
- Advanced knowledge of the nursing process, program planning and development, research, and community resources.
- Commitment to patient privacy and confidentiality
- Excellent teamwork and team-building skills
- Experience using electronic medical records systems (Accuro)
- Commitment to the GNPLC mission, vision, and values

What we can offer:

The GNPLC offers a collaborative team-based work environment, opportunities for growth and development, and a professional clinical practice environment.

Employer-paid benefits include HOOPP pension and professional educational days. Compensation is \$127,700 annually (under review), prorated based on hours.

About Barrie

Barrie is located on the shores of Kempenfelt Bay on Lake Simcoe. The city offers healthcare professionals an ideal blend of career opportunities and lifestyle. Just one hour north of Toronto along Hwy 400, Barrie provides easy access to the GTA and Pearson Airport while maintaining a more relaxed, community-focused environment. Barrie is home to Royal Victoria Regional Health Centre (RVH), a leading and expanding regional hospital, enhancing access to advanced care and specialist support.

Barrie offers an exceptional quality of life with waterfront living, beaches, parks, and year-round outdoor recreation, including boating, hiking, and nearby skiing. With more affordable housing than the GTA, short commute times, excellent schools, and a vibrant downtown, Barrie is an attractive destination for healthcare professionals seeking both professional growth and a balanced, family-friendly lifestyle.
